R. R. CARROLL, Business Manager

MRS. CHARLOTTE LEITNER

The death of Mrs. Charlotte Leitner occurred at 11 o'clock last night at the home of her youngest daughter, Mrs. Alfred Proctor, in the Pedro section. She went down there several weeks ago from her home with her son, Buford Leitner, at the Griner Farm school house. Deceased was 89 years old last February and her death was the result of the infirmities of old age.

Mrs. Leitner was a pioneer in Marion county, having come here with her husband in 1849, and settled on the present site of Anthony, with property they subsequently sold to Col. Anthony, the founder of the town that now bears his name in the fall of 1879. She raised a large family and was a remarkable woman in many respects: bright mind, genial, pleasant to all she met and a devoted Christian.

Her remains were sent to Anthony today over the S. A. L. railway and were interred this afternoon in the Anthony cemetery, with many to pay their respects to a most estimable woman.

A. M. Lansford, the successful piano salesman, returned from Intachatt yesterday, where he sold Mr. Bauknicht a handsome piano, and was started with the following tale. Mr. Bauknicht was going to grind cane and to facilitate the work set fire to the dry leaves or cutting the stalks. Mr. Bauknicht's son, H. M. Bauknicht, a youth of 19, had gone out the night before 'possum hunting and about 5 o'clock in the morning he returned home and in passing through the cane patch thought it would be a good place to rest, and laid down and was soon fast asleep. The youth was awakened from his peaceful slumbers by the crackling and snapping of the burning leaves of the cane. He took a hurried glance and saw that he was completely surrounded by the flames, and their rapid approach compelled him to make a hasty exit. The only alternative from being burned to death was to make a dash for freedom and he plunged into and through the fire to emerge in a worse condition than a singed cat. The youth was badly blistered and thankful, if he did lose his raiment, that he was still alive.

Mr. J. E. Cochran, one of the sterling yeomen of Citra, was in town yesterday and made the Star a pleasant call. He said a little grapefruit was going forward from Citra, but no oranges, as they were too green and the growers there do not believe in shipping green fruit. Mr. Cochran had the misfortune to lose his home by fire some time ago and it proved a great hardship to him, but he is slowly recovering from the effects of the fire and is coming out all right again. Mr. Cochran has for several years been packing tomatoes on a limited scale, also beans and okra. He succeeded well but lost his plant in the fire. He will try it again, however. On the first of the year he will move out to the Marshall swamp, where he owns some very fertile land.

With a grandson on one knee and a granddaughter on the other, the editor of this paper ought to be extremely happy as, with lengthening shadows, he begins his descent toward the setting sun. A little one came Saturday night, and will be a queen in two homes—Banner.

True and the Star heartily congratulates the distinguished Ocala editor on the happiness and blessings that have fallen to his lot, but now truly "but that was made of a proverb baby a little too limp as yet to dandle on its grandpa's knee." Again however, we must confess that in that happy and joyous state of mind, figures of speech are pardonable.

An important meeting of the Ocala Board of Trade is announced for tonight at 7:30. A question involving the honor of the city and county is impending. The county fair officers also have a grievance, and then Ocala has made no demonstration as yet to aid the Key West sufferers. Everybody is invited to come. Come and see and help to do something. Quit your grumbling, kicking and knocking and let in another atmosphere and spirit. Be sociable, be progressive and be patriotic.

The benefit concert given by the Jacksonville Metropolitan is the Duval Theater Sunday will net the Key West sufferers between six and seven hundred dollars.

Dr. S. H. Blitch who came in yesterday afternoon to visit the state hospital at the Marion Farm, has been very satisfied the negro patient has pella. Of this he is convinced; but he is more thoroughly convinced that the county commissioners are discriminating against the Blitch-ton hard road. It is in a terrible condition and with all the pleading and promises there's nothing doing.

Today and tomorrow the examinations take place at the University of Florida, Gainesville, for those who desire to compete for the Rhodes scholarship, for a three years' course in the English university at Oxford. The scholarships are worth \$1,500 a year.

All honor to Dr. Dodge and the Presbyterian Sunday school, for they are the first to formally and tangibly remember the unfortunates at Key West. They raised \$12 for them Sunday morning.

Captain Bill MacKay, the exploiter of railroads, phosphate and turpentine now living at Oxford, was in town today. Captain Bill said the Marion Baptist Association would meet at Oxford on the 21st. There will be great times as the Oxford people know how to provide for the visitor and spare ribs, back bone and yellow-legged chicken will be in evidence. We were urgently invited to be present and are thinking seriously of going.

The Presbyterians held their silver tea at the hospitable home of Mrs. George MacKay yesterday. Miss Besse ably assisted her mother in entertaining. Miss MacKay, Mrs. Harry Lapham and Mrs. John Taylor sang. It was a pleasing gathering.

Columbus Priest of Anthony was in town today and said he would leave for the Live Oak reunion tonight.

WILLISTON IS GROWING
IN SOLIDITY AND WEALTH

Mr. R. E. T. Ellison, a farmer and trucker of Williston, was in town today to attend Judge Bell's court. Mr. Ellison formerly lived in Marion county, where he still owns a good farm, but for several years has made his home in Williston and been engaged in trucking. He said the past season was a good one for the farmers and truckers of that section, that 150,000 crates of cukes, 80 cars of watermelons, 50 cars of cantaloupes and many cars of other truck were shipped out of that section during the past season and fair prices realized for same. The result is the little bank of Williston at one time shortly after the truck season ended had \$200,000 on deposit. The bank was so flush with coin of the realm that it was a jocular remark if the vault was not bandaged with a steel belt, there was danger of its bursting its doors from the hinges. So pleased are the truckers with their season's work that they are now preparing to double their acreage. And to meet the demands for moisture to successfully combat the dry days, the five irrigating plants will be increased to fifteen. Building, too, has been quite active, and the Williston Manufacturing company is erecting an up-to-date 28-room hotel and a brick mercantile house 50x100 feet. There is not a vacant house for rent in the place. Everything looks bright at Williston and the people are busy, contented and happy.

CHINABERRY TREES MUST GO

The head officials of the Atlantic Coast Line railway, hearing that the chinaberry tree was the home of the white fly, which insects do great damage to the orange trees and fruit, have sent out a general order saying that whenever a tree is found around the section houses along their lines the same shall be cut down and destroyed and in its place an oak shall be planted. This is certainly a considerable order.

IN JUDGE BELL'S COURT

Judge Bell is hearing the case of the state vs. Sherod Watkins and Clint Taylor, who are accused of violating the game law, in that they shot squirrels out of season. Hon. W. K. Zewadski in representing the defense. A long petition was presented as to the high character of Mr. Watkins and of his being incapable of violating the game law intentionally. The case is being tried by a jury.

Delicious Doughnuts.
If you like crisp, flaky doughnuts, richly browned, and yet not a suspicion of greasiness, try the following recipe by Mrs. Mary J. Lincoln:

Beat one cup sugar and two eggs very light, add one teaspoon melted butter, one-half cup milk and one-fourth teaspoon each of cinnamon and salt. Mix one-half cup brown sugar and one cup flour, stir in and add more flour till stiff enough to roll out. Have an oiled pan, roll out one-third inch thick. Cut into rings and cook in hot, deep lard. The fat should be hot enough for the dough to rise to the top immediately. Doughnuts fried in lard like lead on the stomach; lard is indigestible. Cottole, on the contrary, makes food that even an infant can digest with ease.

DECORATIVE ART

For high grade work of all kinds of painting, paperhanging and decorating, at the highest prices (no cheap job work) with a full and efficient corps of decorators, call at McCleer & MacKay's.

FOR RENT—Furnished rooms; everything new and convenient; bath on same floor. Mrs. C. P. Moore, Wateria building, 15 North Second street, west. 12-26, pd.

SEED OATS FOR SALE

Marion county grown rustproof and Burt or 90-day oats. Z. C. Chambliss.

Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membrane and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the child is expelled from the system. Refuse any but the genuine in the yellow package. Sold by all druggists.

As an evidence of your social standing, your hands play an important part. To have them heavily bejeweled indicates poor taste; to have them, however, set off with two or three rings of perfect workmanship and of genuine quality is to have yourself classed as having both good taste and breeding and excellent financial standing. Our display of designs is of the kind that will please the most exacting.

SPECIAL MEETING
BOARD OF TRADE

A special meeting of the board of trade is called for this (Tuesday) evening, Oct. 10th, at 7 o'clock in the sheriff's office to consider a communication from the Jacksonville Board of Trade in reference to the conflict of dates for holding our county fair and the military carnival. Other topics of interest will be brought before the meeting and a full attendance is requested. C. Rheinauer, Acting Pres. C. L. Bittinger, Secretary.

CATCHING 'POSSUM BY FIRE

Mr. Wormsley, the big barber in the Ocala House, is some of a 'possum hunter and prides himself along that line. The other night with a few boon companions he went after Billy 'Possum. He or she was treed. As the base of the tree was reached, a persimmon, loaded with fruit and festooned with moss, there was a cry for the honor of scaling the tree to secure the prize, and Wormsley won. After he got up in the tree he thought he would strike a match and take observations and in doing so the moss caught fire and in a jiffy Wormsley was in the midst of a bad predicament. The flames spread, the heat became uncomfortable so much so, that he lost his hold and started such a sudden descent that he left not only the prize but unmentionable parts of his raiment as well as nearly dislocating his neck, when the jar with mother earth stopped his mad career. It was a most exciting experience, a fortunate escape of which Barber Wormsley is the hero.

HEADACHES

Next regular monthly meeting will be held Friday evening, November 12th, at 7:30 o'clock in Yonge's Hall. Visiting sovereigns are always welcome.

M. M. Little, C. C. Chas. K. Sage, Clerk.

COMMON SENSE

Lead us, intelligent people to use only medicines of known composition. Therefore (it is said) Dr. Pierce's medicines, the makers of which print every ingredient entering into them upon the bottle wrappers and admit no concealment under oath, are daily giving in favor. The composition of Dr. Pierce's medicines is open to everybody, Dr. Pierce being desirous of having the search light of investigation turned fully upon his formulae, being confident that the better the composition of these medicines is known the more they will be valued. They are made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the active virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for other alcoholic beverages or habit-forming drugs. Examine the formula on their bottle wrappers—the same as were to be by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great blood-purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that) yet does cure all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hang-over-coughs, which, if neglected or badly treated lead up to and finally terminate in consumption. Take the "Golden Medical Discovery" in time and it is not likely to disappoint you if you give it a thorough and fair trial. Don't expect miracles. It will do nothing but what is reasonable. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimonials. They are given as a guarantee, accompanied with but are sold by all dealers in medicines at reasonable prices.

NOTICE

The tax books will be open Monday, November 1st, for the collection of 1900 state and county taxes. Two per cent discount will be allowed on all taxes paid during November.

HANDLEY HOUSE FOR RENT

The A. E. Handley house, one of the most convenient and best built houses, large lot and all conveniences in the house, located in third ward near high school building, for rent or sale. Apply to David S. Woodrow, Holder Block, Ocala, Fla.

Have you seen the new visible FAY-Sholes typewriter? R. C. Davis & Co., general agents.

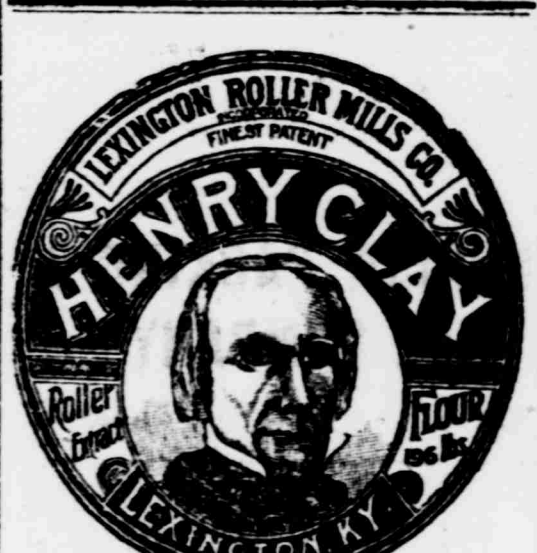

Uncle Mabe Carter of Carter's Pond was in town today. Uncle Mabe gets around quite spry considering he has lost the use of one eye, the result of a railroad wreck on the Martel Lumber company's road a year ago.

Young man, wedding announcements are in order. If you want yours to soon be made, don't fail to take her a box of Belle Mead Sweets every evening when you call. They are to be had only at the Court Pharmacy.

Those ladies' gold cuff buttons are right up to now at Weihe the jeweler's.

Uncle Joe Baskin of Anthony, was a caller in town this morning. He had the misfortune several weeks ago to be kicked by a horse on his left leg, which proved painful and laid him up several weeks, but he is all right again.

You need not be troubled in any way with the stomach, if you will simply take Kodol at those times when you feel that you need it. Kodol is guaranteed to relieve you. If it fails your money will be refunded to you by the druggist from whom you purchased it. Try it today on this guarantee. Sold by all druggists.

The Proof is in the BREAD

If you are not using it now, it's a good time to begin. We sell it exclusively in Ocala.

MARTIN & CARN

SOME MARION COUNTY FARMS

The Florida National Land Company, with headquarters in Chicago, have a full page advertisement in the New York World of Sunday. It advertises their lands at Summerfield. The advertisement contains all manner of testimonials, among them one from M. M. Proctor, county commissioner, of Pedro. The figures contained in the statement have on several occasions appeared in the Star, but we reproduce same: Mr. Proctor says:

"By request of some of the citizens of your state (Ohio) I give you a few of the facts about the soil and climate of Central Florida. I am a farmer, residing in the Southern part of Marion county and my farm adjoins some of the lands of the Florida National Land company. During 1900 I was general manager of the Dallas Farmers' Union, with a membership of twenty-eight persons, all being what you would term one and two-horse farmers. In the month of June we received in cash for watermelons, cantaloupes and tomatoes, thirty thousand dollars. In the year 1900 we received an average of \$110 net cash per car on all melons sold and consigned and \$120 per crate net on all cantaloupes and cantaloupes sold and consigned. During 1900 I grew twenty acres of watermelons, for which I received net \$1,150 and four acres of cantaloupes from which I shipped four hundred crates of cantaloupes and received net \$600 or \$150 per crate, net. Tomatoes, as a general rule, average about one hundred crates to the acre, which makes a net average of about \$125 per acre, very often running as high as \$250 and \$3 net. I gathered 4,000 sheaves of oats from twelve acres, making 12,000 pounds in the sheaf. I also had 20 acres of corn planted in eight-foot rows on fine land, from which I gathered 250 barrels of corn. Between the corn rows on twelve acres I planted peanuts, from which I fattened twenty head of hogs, said hogs being from three months to one year old, and net from 100 to 200 pounds, all being Florida bred, having been raised in the open woods, not costing me anything but the peanuts which fattened them. Between the rows of the other eight acres I planted sweet beans, from which I fattened forty head of stock cattle for six weeks, carrying them through the time that the range in the woods is not good for stock on account of cold, also the fact that all grass is burned off, but at present time cattle are getting fat in the open woods."

"The climate of Central Florida is very fine in the very hottest summer, the thermometer ranging from 80 to 94 but does not ever get so hot but you can get in the shade and be comfortable, and the winters do not get so cold but what a man will work without a coat on. We have a little slight frosts, but never so cold but what it is pleasant when the sun is shining. At this time of the year my watermelons, cantaloupes and tomatoes are up, and some parties have tomatoes in the open field blooming at this writing, but the winter has been very mild."

"Hoping that this may be of some interest to those who are in any degree interested in Florida, we have lands that will make from 25 to 40 bushels of corn to the acre as a second crop."

"I will say that we can raise plenty of hay, and the velvet beans are the best milk and butter producers that I ever saw, cattle being very fond of them. They grow so prolific and do not cost a person anything hardly to raise all any one would need."

"I will say further, that it has been proven that we can raise as fine cattle and hogs in Florida as cheap as they can be raised anywhere."

Mr. Proctor estimates that his net income after counting everything that he should for labor, etc., last year was between \$2,400 and \$2,500. Considering his average under cultivation, the general nature of his crops and the fact that farming in this case was a side issue, the return is considerably more than could be had from a northern farm so operated."

UP BEFORE THE BAR

N. H. Brown, an attorney, of Pittsfield, Va., writes: "We have used Dr. King's New Life Pills for years and find them such good family medicine we wouldn't be without them." For chills, constipation, biliousness or sick headache they work wonders, 25c. at all druggists.

CARD OF THANKS

We take this method of thanking the public through the columns of your paper for the liberal patronage that has been extended us through the past season in our business, as we have not been able to deliver cars, as the entire country as a whole bought in large quantities the Buick factory could produce. We are just in receipt of letters giving us a slight inkling of our 1910 product, assuring us of the fact that there will be no question in the future that we will be cared for. Our 1910 models will be ready for delivery the first of November, and we have the assurance that if we should need 100 cars we can deliver the same. Our models 10 and 17 will be continued, but the horsepower will be increased 20 per cent. We will also have a model known as No. 18, practically the same as our No. 17, only slightly smaller car, and will sell for about \$1,400 complete, and we think this model will hold the rest of them for quite a while. We will also have a \$600, a runabout, 2-cylinder, opposed motor in front, under the board, come clutch in fly wheel, selective type transmission and double chain drive, 30x3 1-2 tires; and we want to say to the public that so far as pulling through sand is concerned, this car has no equal. Thanking our friends for past favors, we are Very respectfully,

OCALA GAS ENGINE WORKS,

Per J. H. Spencer.

Mr. F. G. Fitz, Oneonta, N. Y., writes: "My little girl was greatly benefited by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble." Foley's Orino Laxative is mild, pleasant and effective, and cures habitual constipation. Sold by all druggists.
